

Scholarship guide **for doctoral** **students,** **employees and** **researchers at** **Åbo Akademi** **University**

Information and instructions

In this scholarship guide, you will find information on scholarship for **doctoral students, researchers, teachers and employees at ÅAU**. (Postdoctoral) researchers without a contract of employment are required to have a valid agreement for non-employed ÅAU researchers in order to be eligible for a scholarship.

The scholarships are divided into general scholarships, faculty scholarships, special scholarships and research scholarships. The grant funds in this guide are to the most part held in trust by the ÅAU Foundation. Scholarships marked with an * indicate that there is a clause or restriction that might limit applications from international students or employees.

Please note:

- **As a rule, the grants are awarded as single payments. If a fund awards monthly working grants, it is noted separately in the information about the fund.**
- Guest doctoral students/researchers **cannot** receive scholarships listed in this guide.
- [Information on scholarships for students \(Bachelor and Master\) can be found on the ÅAU intranet](#) (requires ÅAU login)

Application, spring 2020

Call for applications is 11.2-2.3.2020.

The online application form closes on Monday, March 2, at 15.00.

Please **read the instructions carefully** before submitting your scholarship application.

You will find the online application form on the ÅAU intranet > Research > ... > [ÅAU fund scholarships](#) (requires ÅAU login).

Scholarship regulations

A general scholarship regulation and the regulations for the different scholarship funds can be found at the student offices. Parts of the regulations, i.e. special conditions stipulated for each scholarship fund, can be found in this guide. The presentation of the scholarships includes:

1. Special conditions regarding eligibility
2. Information on how often the scholarship is granted and potential special arrangements in relation to this
3. Information on the amount in 2020 (and in some cases 2019)

Before applying for a scholarship, you should read this information, in order to avoid applying for a scholarship without being eligible for it. The most usual regulation is a requirement that the scholarship can only be granted to Swedish speaking persons, or that the scholarship can only be granted to a Finnish citizen. Because of the language requirements, scholarships are divided into two groups:

1. **Scholarships with a language clause**, i.e. scholarships for persons with Swedish as their first language
2. **Scholarships without a language clause**, i.e. scholarships, which can be applied for independently from the first language or in particular cases with a different first language than Swedish.

Please note that the requirement to have Swedish as a first language differs. For some scholarships it is absolutely necessary to meet this requirement, while for others Swedish speaking persons are given preference. It is therefore recommendable not to jump over those scholarships with a language clause if you meet the other requirements.

The scholarship application procedure and decision

The scholarships are issued by the **rector of ÅAU, by the faculties or by the Chancellor**. Please prepare for the processing of the applications taking a relatively long time, 2-3 months. All applicants will get an email when the granting decision has been made. The names of those awarded a scholarship will be published on the website of ÅAU, except the names of those, who have received a grant on the basis of a medical condition or similar, and those, who have a confidentiality flag (issued by the magistrate). ÅAU employees and researchers with a confidentiality flag need to inform the Research Services (johanna.hedenborg@abo.fi) separately.

PLEASE NOTE that decisions regarding scholarships are final and cannot be appealed against.

Doctoral students, enrollment as present

In order to apply for an ÅAU scholarship, doctoral students need to be enrolled as a doctoral degree student at ÅAU and registered as present at the time of the application deadline.

Payment of scholarships to ÅAU employees

Please note, that as a general rule, tax free scholarships and grants cannot be paid to employees at ÅAU; in such cases the awarded scholarship a) will be converted into a salary; tax (both employee and employer taxes) will be withdrawn accordingly, or b) should be utilized to cover direct costs (e.g. travel costs, materials) connected to the research project.

Enclosures

Remember to always enclose documents that are required according to the specific criteria of a scholarship fund.

Doctoral students and researchers applying for a scholarship on the basis of their research are required to enclose the following:

- **Curriculum vitae** (no more than 1-2 pages)
- **Research plan** (no more than 2-5 pages) which should include a clear time schedule for the project, showing all the elements and working phases included in the project (those already completed, as well as those still remaining).

You do **NOT** have to send in your transcript of records; if needed the information is taken directly from the ÅAU student register.

Please note: In the online application form you are allowed to attach one (1) document (max 8 Mb). If you have more than one document that you wish to attach, please scan them all to **one single pdf file**.

1. Scholarship for research in connection to the senior population in Finland. Can be awarded as a monthly working grant, in which case the sums are: 1800 €/month for a person with a master's degree; 1900 €/month for a person with a licentiate degree; 2300 €/month for a person with a doctoral degree. When applying for a monthly working grant, doctoral students should give a complete account of previously received funding for the doctoral studies in the application (for every financier/funding organization: time period for funding + amount of months + total sum received).
2. annually,
3. 25 559,30 €

Fonden till Hedvigs Minne

1. The main aim of the grant fund is to preserve and maintain the previous home of Axel and Hedvig Haartman (casahaartman.fi, Luostarikatu 3 in Naantali). In addition to this, part of the annual dividend is reserved for ÅAU to be granted as scholarships for research within the following subjects: art history (history of art), history and comparative religion (history of religion). Can be awarded as a monthly working grant, in which case the sums are: 1800 €/month for a person with a master's degree; 1900 €/month for a person with a licentiate degree; 2300 €/month for a person with a doctoral degree. When applying for a monthly working grant, doctoral students should give a complete account of previously received funding for the doctoral studies in the application (for every financier/funding organization: time period for funding + amount of months + total sum received).

2. annually,

3. 76 386,00 €

5 Research scholarships and grants with separate application processes

ÅAU has scholarships and grants that are announced with time schedules that differ from those in chapters 1-4. **For more information on these scholarships and grants, please visit the ÅAU intra, [Grants with specific application deadlines](#)** (ÅAU login required).

Scholarships with language clause

* Eugen Schaumans fond – Swedish researchers in Finland and Sweden

Scholarships are granted annually. The total grant amount announced year 2020 is 88 000,00 €. The scholarship order states that the grants are awarded to Finland-Swedish and Swedish citizens for "research within the field of law that is aimed to strengthen and deepen the Nordic community within law and justice." **Application period is 11.2-2.3.2020.** Information and online application form:

blogs2.abo.fi/stipendier/ > Eugen Schaumans fond.

Scholarships without language clause

Gustaf Packaléns mindefond (029)

1. grants for teachers, employees, young researchers and students for studies or research in Denmark

2. annually, in January

3. announcement January 2020: 20 000,00 €

Tor, Joe och Pentti Borgs minnesfond (014)

1. The Borg fund strives to support and maintain the Finnish pharmaceutical industry. A scholarship can be granted to one or more students or researchers at ÅAU who study within the fields of pharmaceuticals, pharmaceutical chemistry or pharmaceutical medicine. **Deadline: March 13, 2020**, will be announced through appropriate department channels.

2. annually,
3. 110 908,20 €

Stipendier ur Harry Elvings legat (028)

1. awarded as prizes and travel grants. As a rule 2-3 teacher and researcher prizes have been awarded annually, as well as travel grants for teachers and researchers at ÅAU who wish to improve their expertise abroad. The travel grants are announced during the latter part of the spring term.

2. annually
3. 51 630,50 €

Final period of postgraduate/doctoral studies (095)

Grants for the final period of postgraduate studies are intended for doctoral students who within 6 months are about to complete a doctoral degree at Åbo Akademi University, and who need short-term financial support to complete this thesis. The application should include a report on how far in the progress the work is and an estimate of the time still remaining to complete the thesis. Recommendation from supervisor has to be enclosed. No specific application period, applications are accepted continuously.

Åbo Akademis Jubileumsfond (026)

The purpose of the fund is to promote exchange between research in Sweden and research at ÅAU. Grants are awarded for research, study and travel with the aim to utilize research equipment and resources available in Sweden, e.g. libraries, archives, research activities, special studies and special education. Scholarships can be granted to a researcher at ÅAU and/or a department at ÅAU. Application deadline four times annually: 1 March, 1 June, 1 September, 1 December.

ÅAU doctoral and postdoctoral research grants (monthly working grants)

In the autumn, Research Services announces a number of doctoral and postdoctoral research grants (as a rule max 12 months). Grants will be awarded, provided that funds are granted by the Åbo Akademi University Foundation.

"Guldkanten" teacher mobility travel grant

The Åbo Akademi University Foundation has awarded funds for "Guldkanten", a travel mobility grant for teachers at ÅAU. A total of 5-6 grants will be awarded for a 1-2 week visit to a university in another Nordic country. The online application will open in April, and the deadline is in May.

5.1 Scholarships in business and economics

Doctoral students within the school of business and economics business (faculty of social sciences, business and economics) can apply for specific scholarships. The application process is handled by the faculty and therefore follows a time schedule that can differ from those in chapter 1-4. For further information please visit the [faculty intra, Grants for students at the School of Business and Economics](#) (ÅAU login required)

Questions regarding these scholarships can be sent to Tuija-Liisa Pohja (tuija-liisa.pohja@abo.fi).
