
INVITATION

We welcome **all PhD and MA level students** attending FINSSE to an informal get-together on **Wednesday the 7th of June**, hosted by ÅboutU, a group for PhD students at the English departments of the University of Turku and Åbo Akademi.

When & where?:

- Wednesday June 7th, at 14-16
- we start in a room in Rosetta/Signum (TBA), but if the weather is nice we can move outdoors and make it a picnic

Why should you come?:

- a great opportunity to meet your fellow PhD students before the conference in a relaxed informal get-together--get to know who is who and what their research interests are!
- if you want to complain about your upcoming conference presentation, chat about your research, or just whine about the woes of life as a PhD student in general, here's your "support group"!
- we also offer some free snacks and drinks :)
- no presentations or other expectations from you on this day, just fun under the sun with academic minded individuals!

*Please send an e-mail to semaki@utu.fi by **June 1** to let us know if you are coming. Hoping to see you all there!*

-Susanna Mäkinen and Gabriel Jay Rauhoff
