

## Practical information [updated March 21]

### Arrival & accommodation

Infodesk in the main entrance hall at the humanities centre Arken, Åbo Akademi, Fabriksgatan 2.

**Domus residents:** If you did not tell us that you will pick up your key directly at Domus (only possible for those who arrive before the reception at Domus closes at 4 pm), your key will be at the Infodesk in Arken. The Infodesk will advise you on breakfast issues.

**Centro residents:** we'll gather immediately after the end of the last presentation on Thursday (outside of Auditorium A in Gadolinia) and walk together to Centro. The walking distance is less than 10 minutes.

### Thursday reception

The reception is in the D-building (from the main hall to the far right). The NNWR and Stiftelsen för Åbo Akademi (the Foundation for ÅAU) treats us to soup and bread and a drink.

### Lunches and dinners

Coffee in the breaks is served in the hallway by the philosophy student association called "Warum".

### Lunches

Friday in Café Arken. Price 6,25 €. Includes salad, bread, milk/juice/water. (No registration required.)

Saturday: Café Arken. Catering arrangement, registration required. Price 8,00€.

The lunch café is good for special diets such as vegan, vegetarian, lactose free, gluten free, sugar free etc.

### Friday's conference dinner

The three course meal at restaurant Teini was ordered beforehand. Your order is on the list at the Infodesk (otherwise ask Hannes Nykänen. If you missed out on that, it is possible to eat in the same premises but on the bar side "Bremer").

### Saturday dinner

Many have signed up to eat with us at the Indian restaurant Delhi Darbar, Tavastgatan 8 at 19:00. On the conference home page there is a list of restaurants and bars (various price levels) which we recommend for those who did not register for dinner on Saturday.

### WiFi/Internet

There is a wireless network ("Sparknet") all over the Arken complex, and you can log on using a guest password which is available at the info desk. This same network covers Domus and some of the city and many bars (they give out their own passwords but this one should work just as well there).

### Miscellaneous information

Sonja Vanto is at the infodesk. She is a student at the department and now works in the office for a few months. She is being helped by Tobias Björkwall (philosophy minor).

The Åbo philosophers will be wearing coloured nametags so that you'll easily identify the closest person to ask about local matters.

### Travel reimbursements

NNWR will subsidize travel costs to some extent for its members. After the conference, you'll receive an e-mail with information on that from Simo Säätelä. Keep your receipts and tickets.

### Wittgenstein *Giftshop* by the info desk

Merchandise and books! T-shirts designed by Lagerspetz® and Möuts®. "The Language Game"™ for the entire family (or anything resembling one) \*Limited Edition\*, designed by Gustafsson *et al.*
