

Basics in Process Design – 2014

Schedule

Week	Date/time/place	Topics
36	5-sep 13-15/AST	Introduction, course contents, web-pages, reading material Mass balance analysis of process systems, exercise
37	12-sep 13-15/AST	Energy balance analysis of process systems, exercise
38	19-sep 13-15/AST	Pressure loss analysis for pipe systems, exercise
39	26-sep 13-15/AST	Pump characteristics, pump and pipe system analysis, exercise
40	3-oct 13-15/AST	Compressors, compressor systems, exercise
41	10-oct 13-15/AST	Heat exchangers, heat exchanger systems, exercise
42	17-oct 13-15/AST	Economic evaluation of projects, exercise
44	31-oct 2014	Deadline for exercises in order to take exam week 46
46	12-nov 2014	First exam opportunity
48	28-nov-2014	Deadline for exercises in order to take exam week 50
50	10-dec-2014	Second exam opportunity
51	19-dec-2014	Final deadline for exercises
8	18-feb-2015	Third exam opportunity

AST = Process Design & Systems Engineering seminar room (3 floor/Axelia II)
