9:30

Welcome and opening

- *Mikko Hupa*, Rector of Åbo Akademi University

PCC Activity Review

- *Stefan Willför*, Chairman of PCC

Invited speaker

- *Jan-Erling Bäckvall*, Stockholm University, Sweden "Asymmetric synthesis of biologically active compounds via metal- and enzyme-catalyzed dynamic kinetic resolution"

11:45-13:00 Lunch, posters

13:00

Invited speaker

- *Andreas Seidel-Morgenstern*, Max Planck Institute, Germany "Continuous synthesis and purification of artemisinin and artesunate"

On-going work at PCC

- *Chunlin Xu*, PCC "WP1-Refining and utilization of wood hemicelluloses towards high-value applications"
- *Tiina Saloranta*, PCC

14:30

Coffee break, posters

14:50-16

On-going work at PCC

- *Pasi Virtanen*, PCC
- *Nikolai DeMartini*, PCC "WP4-Trace elements in refining of biomass"
- *Yasuhito Sugano*, PCC "Direct electro-catalytic oxidation of cellulose: A new material conversion pathway from cellulose to functional materials"

19:00-

Dinner, *Kåren* (Tavastgatan 22, Åbo)

Friday, August 21, 2015

9:30

Invited speaker

- *Jiri Janata*, Georgia Tech, USA "Sensors in medicine"

Flash presentations of selected posters

*Ekaterina Korotkova, Lucas Lagerquist, Jun Liu, Jonne Niemi, Farhan Saleem, Risto Savela, Vladimir Shumilov, Maria Sundqvist, Ulriika Vanamo, Kai Yu*

11:15-

Coffee, posters
