

PCC Mini-seminar on mass spectrometry

Date: 16.12.2015

Place: Auditorium Ringbom, Axelia II, Biskopsgatan 8, Åbo
The seminar is free of charge

Johan Gadolin
Process Chemistry Centre

Program

- 13:15 Opening speech
- 13:20-13:45 Paul Ek, Lic.Tech.
Laboratory of Analytical Chemistry, Åbo Akademi University
Tentative title: ICP-MS / detecting the elements
- 13:45-14:15 Leif Kronberg, Professor (Organic Chemistry)
Laboratory of Organic Chemistry, Åbo Akademi University
LC-MS / combining chromatography and spectrometry
- 14:15-14:45 Bjarne Holmbom, Professor emeritus (Wood and Paper Chemistry)
How MS and GC-MS came to Finland and Åbo Akademi
- 14:45-15:30 Janne Jänis, Professor
Department of Chemistry, University of Eastern Finland
Title: Chemical fingerprinting of complex mixtures with high-resolution mass spectrometry
- 15:30-16:00 Annika Smeds, PhD, Docent in Organic Environmental and Bioanalytics.
Title: Current state of the art analysis techniques at Åbo Akademi University - applications and practice.

Coffee and refreshments
