Logging into Moodle

Open a web browser and go to moodle.abo.fi

You can also reach Moodle by going to ÅA’s website and click on Studies and then click on Moodle in the toolbar under Tools > More tools.

Here you can change language into English.

Fill in your abo.fi-user name and password.
Alternative 1 – you are registered on a course:

If the teacher has already registered you on a course, you will reach a page where you find a list of all the courses you are registered on – click on the name of the course you want to enter.
Alternative 2 – you have got a course key and will register yourself on a course:

The teacher has given you a course/enrolment key and asked you to register yourself on a specific course. When you have logged on, the following view comes up. Click **MY COURSES > All courses.**

Fill in (part of) the course name in the **Search courses** box and click **Go** (or search for the course under the categories/faculties).
You will now reach the course homepage.

Next time you log on you will not have to use your course key, but simply click on the course name under ”My Courses” (see Alternative 1 above).
