PEER OBSERVATION OF TEACHING
Peer observation is an easy way of developing your own teaching. You agree with a colleague that you attend each other’s lectures and seminars and give each other feedback. At the same time you exchange concrete experiences and ideas about teaching.
Would you like to take part in peer observation during autumn 2012? For more information, see www.abo.fi/personal/en/skuggning.

INFORMATION AND REGISTRATION
Course information: www.abo.fi/personal/en/personalutveckling or Malin Siimes, personnel division.
