
Dear supervisors and other operators of doctoral education,

University of Turku Graduate School (UTUGS) organizes this spring training for doctoral thesis supervisors for a fourth time. All doctoral thesis supervisors and other operators of doctoral education at the University of Turku and at Åbo Akademi University are welcome to participate.

The training deals with themes related to doctoral thesis supervision, such as expectations set for the supervision, career guidance in doctoral training, mentoring, supervision of doctoral thesis work, supervision in a healthy research community and ethics of supervision in an entrepreneurial university. The training forms a coherent whole during the spring 2018 but each of the five sessions (2.5 h) can also be participated separately. The training is held in English. Registration for parts I and II is open (see attachment).

Part I: Expectations set for the Supervision of a Doctoral Dissertation

Time and place: Tuesday 13 February 2018 at 12-14.30, lecture hall Edu3, Educarium

Registration: at the latest on 5 February 2018
