

AUDIT CERTIFICATE

The Finnish Education Evaluation Centre
has awarded Åbo Akademi University
a quality label, which is valid for
six years until 14 March 2022.

The audit was conducted by an audit team that was appointed by the Finnish Education Evaluation Centre. The main strengths of the quality system of Åbo Akademi University were:

- ❖ Åbo Akademi University integrates its management system and quality management in a way that amalgamates them into the organisational structure. Due to this, the responsibilities of different actors, both individuals and committees, have been defined clearly.
- ❖ A strong quality culture is a good basis for the management and quality system.
- ❖ The University Board is extremely engaged and is working proactively with the strategy and the management and quality system of Åbo Akademi University and in cooperation with the faculties and other operations.

Åbo Akademi University chose the development of teaching as the optional audit target.
